

02/10

January 15, 2010

Greetings of peace to all,

In my letters of September 11th and October 30th of 2009, I suggested to you different cautionary stipulations concerning the H1N1 influenza virus.

Today, I would like to announce that we may return to our normal liturgical guidelines when celebrating the Eucharist.

However, I would like to encourage all parishes to make available the hand sanitizers at the church entrance as this is a good rule to follow for general health precautions.

Thank you and sincerely yours,

+ Albert Thévenot, M. Afr.
Bishop of Prince Albert
